- Secret Mountain Vineyard, Oliver*

Production

The fruit for this wine comes from one of our estate vineyards located just north of Oliver. The grapes were picked and sorted by hand, then destemmed, crushed, and soaked on skins for 4 days. Once the desired amount of colour and flavour was extracted, the juice and skins were pressed to tank to settle for another 48 hours. The juice was then racked off heavy lees and transferred to stainless steel where it was fermented at 17c using varietal specific yeast to help build aromatic complexity. After fermentation the wine was racked off lees, cold-stabilized, and filtered before being bottled in early January to preserve as much freshness as possible.

Tasting Notes

Many wineries make their Pinot Gris (or Pinot Grigio) intentionally bland – we take the opposite approach! This wine is far from colourless (literally or figuratively) and offers a unique, complex profile that includes ruby red grapefruit, cranberry, dried cherry, spice and rose petal. Medium-full bodied, age-worthy, and gently tannic, you can expect a fuller, riper, richer example of the style.
