

TINY BUBBLES 2023

Vineyards

- Garnet Valley Vineyard, Summerland
- Mandeep Vineyard, Oliver
- Selwood Family Vineyard, Naramata

Production

This wine was crafted with precision and care to capture the essence of a fun, refreshing wine. Grapes were hand-picked and meticulously sorted before whole berry fermentation, enabling a gentler process and resulting in clean, fresh juice extraction. We kept fermentation temperatures intentionally low to extend the fermentation time and build complexity. Each vineyard and fruit lot underwent separate fermentation, allowing the distinct characteristics of each to shine. After fermentation, the wines were carefully blended, stabilized, and cross-flow filtered. The wine's natural spritz from fermentation was preserved and topped up to 2.5 atmospheres of pressure during canning, ensuring a refreshing and effervescent final product.

Tasting Notes

This clean, fresh, and fun wine is a tropical delight! On the nose, you'll find fresh-cut field grass mingling with hints of lemon balm and honeysuckle. On the palate, a burst of kiwi berries, lime zest, and sweetgrass dances with a lively, sparkling mouthfeel. The Riesling adds bright acidity, lifting the entire blend and enhancing its refreshing summer vibe. Gentle carbonation keeps the flavors light and refreshing. Perfect for the beach, the park, the pool, or a sunny patio, Tiny Bubbles is your go-to for those easy, good times and great memories.
