SAUVIGNON BLANC 2023

Vineyards

- Gill Family Vineyard, Oliver
- Smethurst Vineyard, Naramata

Production

The Gill Family Vineyard and Smethurst vineyard represent our most northern and southern vineyards. We are able to pick them almost 3 weeks apart, enabling us to capture two different snapshots of the growing season. Everything is hand-harvested before being meticulously sorted, destemmed and gently whole berry crushed. Fermentation is kept cool to preserve natural freshness. The resulting wine is raked into a mixture of 70% neutral oak and 30% stainless steel for its élevage. Each barrel is tasted for complexity and nuance before the wine is blended, cold-stabilized, filtered and bottled.

Tasting Notes

This vibrant Sauvignon Blanc reflects the sun-soaked orchards of the Okanagan Valley. This wine bursts with an array of aromas: zesty grapefruit, white peaches, lemon, lime, and a touch of rain-kissed greenery, accented by intriguing notes of Thai basil and lime leaf. The finish blossoms into tropical and juicy passionfruit, capturing the essence of a warm summer day in every sip.

Vintage		2023
Variety		Sauvignon Blanc
Appellation		Okanagan Valley
Acid		6 g/L
Residual Sugar		9.2 g/L
Alcohol		13.8%
